## THREE CHILDREN BURNED TO DEATH

Home of William Elliott, Colored, De-  
stroyed by Fire at Early Hour.

## OTHER MEMBERS OF THE FAMILY ALSO BURNED---CAUSED BY LAMP

Two of the Children Met Horrible Deaths While a  
Third Was Rescued But Died.

**THE DEAD.**  
William and Wilmoth Elliott,  
twins, aged 4 years.  
Robert Elliott, aged 1 year.  
**THE INJURED.**  
William Elliott and Alice Elliott,  
the parents.  
Jim Elliott, aged 12, and Georgia  
Elliott, aged 13.

William Elliott, colored, an em-  
ployee of the Katterjohn brick yards,  
residing at 1313 South Fifth street,  
was awakened this morning shortly  
after two o'clock by terrible heat.

On opening his eyes he beheld the  
entire house ablaze and the roof  
ready to fall in on him and his fam-  
ily.

Within three minutes after the  
discovery Elliott, his wife, Alice El-  
liott, and children, Jim Elliott, aged  
12, and Georgia Elliott, aged 13, had  
escaped. They snatched up William  
Elliott, Jr., as they ran, but he was  
fatally burned and lived only a short  
time.

Two children were burned to death,  
the parents being unable to rescue  
them because of the house collaps-  
ing before the father could get to  
them, and all were more or less in-  
jured by the fire.

Elliott resided in the last house on  
the south side of the street, on the  
edge of the hollow, near the old city  
hospital. It was a small one-room  
frame house and burned rapidly. The  
cause of the fire is believed to have  
been the explosion of a lamp.

Elliott and his family retired early.  
He and his wife and five chil-  
dren compose the family. The chil-  
dren were: Georgia, aged 13; Jim,  
aged 12; William and Wilmoth,  
twins, aged 4, and Robert, aged 1.

The twins and baby were lying on  
one bed and the father and mother  
on another, while the other two chil-  
dren slept on pallets. A lighted lamp  
turned low was left on a table in the  
corner of the room and it is pre-  
sumed exploded and set fire to the  
house.

Elliott was first to awake, and see-  
ing the house a mass of flames, jump-  
ed out of bed and calling to his wife  
started for the door. He found the  
front door hard to unlock and next  
tried a window but this becoming  
hung, he rushed to the back door.  
His two oldest children and wife  
had run to the front door attempting  
to escape, leaving the three younger  
children in the house, the fire al-  
ready having reached them and it be-  
ing impossible to get to them.

With a mighty force Elliott struck  
the front door and burst it open.  
His wife and children gained the open  
air and on turning and looking into  
the brightly lighted room, Elliott  
saw his boy, William Elliott sitting  
on the floor with the flames curling  
all about him. He had rolled off the  
bed and tried to escape and was burn-  
ed into insensibility before his father  
could get to him. Elliott pulled the  
boy out of the house and just then  
the roof fell in. This happened with-  
in a few minutes after the sleepers  
were awakened and within five min-  
utes after the fire was discovered the  
house was burned to the ground.

The fire departments were notified  
of the fire by a telephone message  
from the old city hospital. A neigh-  
bor sent in the alarm but by the time  
the departments arrived the house  
was destroyed and all the firemen  
could do was to search the debris for  
the bodies.

The charred remains of the baby  
and Wilmoth, one of the twins, were  
found about where the bed stood.  
One was lying a little to one side,  
indicating it had rolled off the bed.  
The remains were taken to a neigh-  
bor's house and kept there pending  
an inquest.

The twin boy who was rescued was  
attended by City Physician Johnston

Ross, but died at 6 o'clock this morn-  
ing.

The skin was burned off his face,  
back and legs and it was evident from  
the start that his burns were fatal.

The remains of the other two un-  
fortunate children were almost crem-  
ated. The legs, arms and head  
were burned off, and all that remain-  
ed was the trunk with protruding  
bones.

Elliott was scorched about the  
head and hands and his wife burned  
on the face and head, but neither se-  
riously. The right arm of Elliott's  
wife is badly burned.

The two children who escaped were  
also scorched but not seriously  
burned. Jim Elliott was burned on  
the left hand and Georgia sustained  
burns about the hands.

Elliott stated that he owned the  
house but carried no insurance on it.  
He had the lives of his children in-  
sured, but the policies with every-  
thing he had in the house were burn-  
ed.

Coroner Crow this morning held  
an inquest, and the following verdict  
was returned:

"We, the jury, after being duly  
sworn, find the death of the three  
children was caused by being burned  
(Signed). E. E. BELL,  
SAM LASTER,  
HENRY ROBINSON,  
W. C. COBLEY,  
JAS. ROGERS,  
T. A. KAINES.

The bodies will be buried tomor-  
row at Oak Grove.

### LIVES CRUSHED OUT.

By a Fall of Rock in a Pennsylvania  
Colliery.

Wilkesbarre, Pa., Aug. 12.—A fall  
of rock in the Trumbull colliery, near  
Nanticoke this morning, crushed out  
the lives of three men and fatally in-  
jured another. The men were work-  
ing the night shift and had almost  
finished their labors when the fall  
occurred. Those killed were covered  
with a mass of rock and it will be  
some time before the bodies are re-  
covered.

### FOUR DIED.

And Twenty-Three Were Prostrated  
by Heat in Chicago.

Chicago, Aug. 12.—Four people  
died in Chicago yesterday as a result  
of the heat and twenty-three others  
were prostrated. The mercury did not  
rise above ninety on the street level,  
but the high humidity made the day  
exceedingly uncomfortable.

### Parliament Comes to An End.

London, Aug. 12.—Parliament ad-  
journed today after one of the most  
uneventful sessions of recent years,  
also as far as securing results is con-  
cerned. It is said the closing ses-  
sion is the last one at which Premier  
Balfour will direct legislation in the  
capacity of premier.

## HANGED HIMSELF WITH HANDKERCHIEF

William Underwood Found Dead  
Near Hazel, Calloway Co.

Had Been Dead Several Hours When  
Found by Neighbors Hanging  
to a Tree.

NO CAUSE FOR SUICIDE KNOWN.

William Underwood, a farmer  
about thirty years old living near  
Hazel, Calloway county, committed  
suicide yesterday by hanging himself  
in a tree in his field by his pocket  
handkerchief. No cause is known.

Underwood was in fine circum-  
stances financially, his father being a  
director in the Hazel bank and a man  
with plenty of money, and the de-  
ceased was in good health and so far as  
known had no trouble of any descrip-  
tion.

When he left home after dinner he  
told his wife that he had work to do  
that would keep him out until late.

There was consequently little sur-  
prise when he did not show up for  
supper, but as the hours passed and  
he did not come, his wife became  
alarmed and after making a brief and  
fruitless search for him herself, she  
gave the alarm and a number of  
neighbors were soon scouring the  
woods.

About 10 o'clock Underwood was  
found hanging to the limb of a tree  
a half or three-quarters of a mile  
from his home, and life had been ex-  
tinct for four or five hours.

He had knotted his handkerchief  
around his neck and tied it to a  
bough that was no higher than his  
shoulders, and then evidently drawn  
up his limbs and slowly strangled to  
death.

He leaves a wife and two little  
children. His suicide greatly puzzles  
his family, friends and neigh-  
bors, as no cause can even be con-  
jectured unless it was temporary in-  
sanity, no signs of which he had ever  
displayed.

The only thing that indicates he  
premeditated the act was his last  
words to his wife about having work  
that would keep him out late. It is  
supposed this was done to give him  
plenty of time to die.

### May Succeed Chapelle.

Wichita, Kans., Aug. 12.—Catholic  
authorities here believe that the Rt.  
Rev. Bishop Moerschaert, of the Ok-  
lahoma and Indian Territory diocese  
will be appointed successor to the  
late Archbishop Chapelle, of New Or-  
leans, which includes Louisiana, Tex-  
as, Tennessee, Oklahoma and Indian  
Territory. Bishop Moerschaert, who  
makes his home at Guthrie, Okla.,  
is at present in Rome on his quadri-  
centennial visit to the Pontiff. He is a  
Belgian by birth, and his familiarity  
with the French language is consid-  
ered an indication that he is in line  
for the Archbishopric of New Or-  
leans.

### A Hairbreadth Escape.

Goldsboro, Ill., Aug. 12.—A mirac-  
ulous escape from death by lightning  
is reported from Tansill, five miles  
south of this place. During an elec-  
trical storm lightning struck the  
Crommies residence and passing from  
the roof to the lower floor, struck  
the husband, on which the hus-  
band, wife and child were sleeping.  
The headboard of the bed was splinter-  
ed and scattered over the room, but  
neither of the three was hurt.

### New Bank for Hopkinsville.

Hopkinsville, Ky., Aug. 12.—Gus  
T. Rannan, a Western Kentucky busi-  
ness man, is in the city to organize  
a new bank.

The bank is to be incorporated  
with \$25,000 capital. Mr. Rannan,  
if the bank is established, will prob-  
ably be cashier. He has had much  
experience in the business, having  
been connected with the National  
Deposit bank of Owensboro for this-  
teen years.

### Big Rush for Utah.

Salt Lake, Utah, Aug. 12.—The  
final rush to register claims in the  
Utah reservation began this morn-  
ing and all trains are overloaded.  
Up to last night 16,271 had regis-  
tered. Today's registrations will prob-  
ably surpass the previous records.  
There will likely be a reduction of  
two hundred thousand acres from the  
land to be disposed of.

## THE WEEK'S NEWS IN THE COMMERCIAL WORLD

Bank clearings this week ..\$581,240  
Same week last year, ..... 787,982

Wholesalers complain of some hin-  
drances to business incident to the  
yellow fever and the rigid quaran-  
tines of some of the southern cities  
and states. If the fever is not stamp-  
ed out soon business is bound to suf-  
fer considerably.

Retail business is very good for  
the season. The encampment has  
stimulated trade a little and should  
prove very beneficial.

The Mayfield Messenger says:  
The Beaumont Soap company has  
passed into history and in its place  
a new company has been formed un-  
der the name of the Mayfield Soap  
company. Articles of incorporation of  
the new company have been filed  
with the secretary of state and it is  
now authorized to begin business Au-  
gust 17, 1905. It is capitalized at  
\$10,000 at \$100 per share. The  
stockholders are as follows: W. A.  
Usher, 50 shares; L. W. Key, 5  
shares; T. J. Murphy, 5 shares; W.  
T. Connell, 5 shares; J. W. Pryor, 5  
shares; John Watts, 5 shares; H. S.  
Hennett, 5 shares; J. M. Gillum, 5  
shares; Jay Small, 5 shares.

### Tennessee Central Re-financed.

Nashville Banner:  
General Manager and Vice Presi-  
dent G. A. Clark of the Tennessee  
Central railroad has returned from  
St. Louis, New York and Chicago.  
Mr. Clark confirms the report re-  
cently published in the Banner to  
the effect that the financial reorgani-  
zation of the company had been  
made complete and the company is  
now ready to push the many im-  
provements in view.

Fifteen large freight locomotives  
will be added to the equipment of  
the road this year, and a great deal  
of new equipment will probably be  
purchased within the next few  
months.

The grades on the present roadbed  
are to be reduced as far as possible  
and the tracks put in first class con-  
dition. New buildings are to be erect-  
ed at a number of stations and side-  
tracks laid wherever necessary. In  
brief, the Tennessee Central is to be  
put in first class condition from one  
end of the system to the other,  
enough work having already been  
planned to keep the engineering and  
mechanical departments of the road  
busy for sometime to come.

### Railroad Earnings \$2,190,000,000.

Chicago, Ill., Aug. 12.—Careful  
estimates of railroad earnings for the  
fiscal year ended June 30 last place  
the amount approximately at \$2,-  
190,000,000. This estimate is based  
on average earnings of \$10,000 per  
mile, there being now over 210,000  
miles of railroad in operation in the  
United States. In the last six years  
the growth of earnings per mile has  
been much more rapid than that of  
mileage. In 1899 there were 190,-  
000 miles of road in operation, and  
the average earnings then per mile  
were a little over \$7,000. Since that  
time there has been an increase in  
mileage of about 11 per cent, or  
about 2 1/2 per cent annually. In  
gross the same time gross earnings  
per mile have increased about 40 per  
cent. The increase in net earnings in  
this period has kept pace with that in  
gross. In 1899 net earnings averaged  
about \$2,272 per mile of road oper-  
ated. For the last year this had in-  
creased to \$3,160 per mile, or almost  
40 per cent.

The greater rate of the increase in  
earnings as compared with mileage  
is due largely to the development of  
the country. Another satisfactory  
feature of the situation is that in the  
interval under consideration there  
has been very little increase in the  
amount of bonded debt per mile of  
road. There has been an increase in  
capital stock from \$30,000 per mile  
to \$33,000 per mile, making the to-  
tal capitalization \$61,500 per mile.

### To Build Button Factory.

Owensboro, Ky., Aug. 12.—Negotia-  
tions are pending for the location  
of a button factory at Owensboro. A  
man who has had several years' ex-  
perience in the manufacture of but-  
tons and who is now secretary and  
treasurer of a company engaged in  
that business is in Owensboro for the  
purpose of organizing the company.

### Must Have Health Certificates.

All persons going to Illinois must  
have health certificates hereafter,  
hence persons leaving on the Dick  
Fowler or Cowling must have them if  
they expect to get off at Brookport or  
Metropolis, or any of the landings  
beyond. All that is needed, howev-  
er, is a simple health certificate, but  
without one can not land.

## GOVERNOR LEAVES AFTER INSPECTION

Was Well Pleased With the Dis-  
cipline of Second Regiment.

Thousands Viewed the Inspection  
Yesterday—The Ball a Bril-  
liant Affair.

TODAY'S NEWS OF THE CAMP.

The soldiers were paid off this  
afternoon at 1 o'clock by Paymaster  
General Mott Ayres and his assist-  
ants, and tonight the boys will turn  
most of the money loose, with the  
merchants.

Col. Ayres is doing his banking  
business with the Paducah Banking  
company, where he has \$13,000 on  
deposit, all of which will be paid out  
here. Today's pay roll amounted to  
\$2,058.50. Shortly after the bank  
opened this morning Colonel Ayres  
detailed twelve men to go with him  
and draw out the money. On return  
a picture of them was taken in front  
of the paymaster general's tent. The  
soldiers were all paid off within one  
hour. Colonel Ayres made a record at  
the St. Louis world's fair when the  
Third Kentucky regiment was in  
camp there. The regiment was larger  
than it is now and he finished  
the job in exactly 45 minutes. He  
made a record and the St. Louis  
Post Dispatch gave him a prominent  
article.

### The Ball Last Night.

Probably the most beautiful cere-  
mony ever witnessed at a ball was  
performed last night at the ball giv-  
ing in honor of Governor J. C. W.  
Beckham his staff, general officers  
and the regimental officers. At 10  
o'clock the regimental band, leading  
the officers of the Second Kentucky  
marched to general headquarters and  
escorted the governor to the danc-  
ing pavilion. In the pavilion two  
lines consisting of the field and line  
officers formed diagonally across the  
pavilion at open ranks. The govern-  
or and staff marched through the  
line to one corner of the pavilion, fol-  
lowed by Colonel Roger Williams and  
his staff. The color guard with reg-  
imental colors marched through the  
line to the center and as the colors  
were raised the regimental buglers  
sounded the flourish to the colors,  
while all the officers saluted the col-  
ors uncovering. Governor Beckham  
then held a general reception to the  
public. The dance followed.

The Second Kentucky is the only  
regiment in the state guards that has  
ever held this impressive ceremony.  
It is not prescribed but is a custom.  
Governor Beckham and most of  
his party returned to Frankfort this  
morning early. He will return on Au-  
gust 23 and remain until the 28th  
to review the First and Third reg-  
iments.

"Garry Owen" is the official march  
of the Second Kentucky but the band  
failed to bring the music for it and  
it was not played last night. This  
piece was also the official march of  
the Seventh cavalry, U. S. A., and  
General Custer's favorite. It is also  
the ideal march of President Roose-  
velt, it being played for him on all  
occasions.

### The Best of Order Kept.

Two drunken men in shirt sleeves  
tried to force an entrance to the  
dancing pavilion last night and un-  
der order of Colonel Williams they  
were arrested by guards and placed  
in the guard house, being released  
after the dance was over.

Eimer Townsend, a civilian ar-  
rested yesterday morning for using  
abusive language to Colonel Noel  
Gaines, threatens to bring suit  
against him for \$5,000 damages.  
Colonel Gaines laughs at the idea.  
He says Townsend has no recourse  
whatever as the colonel has jurisdic-  
tion of the camp and for two miles  
around it. Townsend was released  
yesterday afternoon and told to stay  
away from the camp. Section 44 of  
the militia act, reads: "The com-  
manding officer of an encampment  
may fix certain bounds, not including  
any public road, within which no  
spectator shall enter without leave."  
Townsend was ejected under this  
law.

Colonel Juett Henry, commander  
of the Third regiment, which is the  
next regiment to go into camp, ar-  
rived today for the purpose of look-  
ing over the grounds and surround-  
ings so in case an attack is made  
while here he will at once know

## THE JAPANESE TERMS PROMPTLY REJECTED

Russia is Not Willing to Agree to All of  
the Conditions.

## ALL RUSSIA SAID TO BE UNITED AGAINST ACCEPTING THE TERMS

Japanese Envoys Today Received Russian Reply---  
Meet Again Monday to Negotiate Further.

Portsmouth, N. H., Aug. 12.—The  
peace plenipotentiaries met this  
morning and after a session lasting  
an hour and twenty-five minutes, ad-  
journed.

Russia delivered the reply to the  
Japanese demands, refusing to con-  
cede to certain conditions.

After the adjournment, the Japa-  
nese announced that the conference  
would be continued.

This means that apparently the de-  
mands objected to by the Russians  
must now be the subject of negotia-  
tions.

The reply of Russia is written,  
there being two texts, one in French  
the other in English.

Upon the two crucial points, in-  
demnities and cession of the island of  
Sakhalin, the reply is an absolute  
non-possibilis. Other points are ac-  
cepted as a basis for discussion while  
still others are accepted conditional-  
ly.

The reply is rather long because in  
enumerating the conditions declined,  
reasons and arguments are given.

The Japanese plenipotentiaries are  
expected to ask for an immediate ad-  
journment to examine and prepare  
this reply. Witte will probably in-  
timate that the Russian plenipoten-  
tiaries expect the Japanese to display  
as much expedition as the Russians  
have shown in the preparation of  
their response. Monday, therefore,  
is expected to be the day on which  
the real discussion will begin.

Neither side wants to indulge in  
diplomatic sparring. The time for  
fencing is over and less than a week  
must decide whether a basis of peace  
is possible.

The tactics of the Japanese are in-  
scrutable. Not the remotest clue  
comes from behind their closed doors  
whether they are prepared to make  
substantial concessions. Silence and  
secrecy are their watchwords.

But if the conditions as submitted  
constitute their last word the hope  
of peace may be regarded as having  
disappeared if the feeling reflected in  
Russian circles is a true criterion.  
And that no substantial concessions  
on main issues will be made is the  
belief both in Russia and Japanese  
circles.

That the Japanese terms, insofar  
as they touch the main points will  
not be withdrawn or materially mod-  
ified is the opinion of the most com-  
petent Japanese authority on the  
ground who will talk for publication.

### Peasants Organize in Forests.

Warsaw, Aug. 12.—Peasants  
throughout central Russia are as-  
sembling in the forests and organiz-  
ing revolutionary societies. The  
greatest activity of police and local  
authorities is insufficient to prevent  
holding such gatherings.

### Russia United For a Rejection.

St. Petersburg, Aug. 12.—News of  
the speedy completion of Witte's re-  
ply came as a surprise to the Russian  
public, at least until Mon-  
day, was anticipated to permit con-  
sultation at Peterhof. Though Witte  
has ample power to draft a reply at  
Portsmouth, the foreign office shared  
the view that the response would be  
withheld until Monday.

Japan's demands, as predicted,  
have served to array the Russian  
government and people under the  
same banner for the first time since  
the beginning of the war and it is  
evident that Witte will find almost  
solid support at his back in whatever  
answer he may make to Komura's  
communication.

The government permitted and en-  
couraged the publication of Associ-  
ated Press dispatches containing the  
Japanese conditions, which like a  
fiery cross rallied Russia's disunited  
clans, reactionary, conservative, lib-  
eral and radical. With scarcely an  
exception every voice is raised in  
urging the government to hold out

against Japan's principal demands.

The Associated Press talked yester-  
day with leading men of various  
classes and all declared continuance  
of the war would be better than ac-  
ceptance of such terms. The same  
spirit is manifested in almost every  
newspaper office. Radical organs are  
ranging alongside of the Novoe Vrem-  
ya while the Russ today declares: "If  
these are Japan's conditions all hope  
of peace has vanished."

### More Hopeful View.

St. Petersburg, Aug. 12.—A more  
hopeful tone is noted in the discus-  
sion of the peace outlook today. The  
view is taken that it will be possible  
to agree upon the peace terms at the  
Portsmouth conference, based upon  
a series of optimistic telegrams from  
Count Witte. The newspapers, head-  
ed by the Novoe-Vremiya, bitterly at-  
tack Japan and the papers also criti-  
cized United States and England,  
saying they are allies of Japan.

### The Kaiser Takes a Hand.

Manchester, Aug. 12.—A dispatch  
says that it is rumored in official  
circles that the Kaiser has addressed a  
communication to President Roose-  
velt suggesting that the powers  
should insist upon a provision being  
made in the peace terms which Rus-  
sia and Japan may agree upon to pre-  
vent Japan acquiring ascendancy  
over China.

### Serious Peasant Riots.

St. Petersburg, Aug. 12.—Serious  
Agrarian disturbances are reported  
from the government of Podolia.  
Peasants have erected barricades and  
entrenchments in a number of vil-  
lages and are prepared to resist any  
soldiers that may be sent against  
them.

### Another Bomb Thrown.

Radon, Poland, Aug. 12.—The chief  
of police was severely injured last  
night by an explosion of a bomb  
thrown at him while riding in a car-  
riage. The force of the explosion  
was so great that several houses in  
the vicinity were wrecked. The as-  
sailant escaped.

### Squads Unable to Agree.

Fort Wayne Ind., Aug. 12.—The  
interdenominational convention of the Lu-  
theran church closed a two-days' ses-  
sion without having accomplished the  
result hoped for. The synods remain  
divided upon the subject of predesti-  
nation, and it is feared a common  
declaration on this portion of the  
creed is impossible. In hopes of ar-  
riving at an understanding after  
much discussion it was determined  
to meet again next year, the date and  
place of meeting to be left to the of-  
ficers of the convention.

### Battleship Kansas Launched.

Camden, N. J., Aug. 12.—The  
battleship Kansas, which is to be one  
of the greatest ironclads in the navy  
was successfully launched at the  
Camden ship building company's  
yards today. A brilliant assemblage  
was present and Miss Anna Hoch,  
daughter of Governor Hoch, broke a  
bottle of champagne on the prow  
of the ship and christened her "Kan-  
sas."

### Child's Cruel Prank.

Evansville, Ind., Aug. 12.—The 5-  
year-old daughter of Mrs. Anna Mos-  
by took a rag, dipped it into carbolic  
acid and rubbed it over the faces of  
her four little brothers and sisters,  
blistering their faces and necks. One  
of the children will go blind as the  
result of the prank. The father of  
the children died yesterday as the  
result of an accident in a factory.

### The President Returns.

Oyster Bay, Aug. 12.—President  
Roosevelt arrived home today from  
his journey to Wilkesbarre and  
Chautauqua. The trip was without  
incidents. The president expressed  
pleasure at the reception given him.

Chauffeur Who Ran Over a Child Convicted of Manslaughter.

Philadelphia, Aug. 12.—William Henry Myers, chauffeur, was convicted of involuntary manslaughter, and sentenced to 18 months imprisonment for running down and killing 5-year-old Eldon Sarver on the night of June 26. After running down the boy, Myers increased the speed of the automobile and escaped but was arrested several days later. He pleaded ignorance of the fatal result of the accident until he read the newspapers and fear of the consequences prevented him surrendering to the police.

Cairo, Ill., Aug. 12.—The Indians took the first game of the home series yesterday by hard hitting and all around good ball playing. The team hit well and seemed to completely outclass the Egyptians, playing an errorless game.

The Cairo bunch made errors but the Indians earned five of the runs made, while Cairo was successful in getting but three earned runs over the pan.

The Cairo press attributes the defeat of the Cairo team to dissipation. The following are a few of the items published under the head of "Diamond Dust":

"Dummy" Hughes was asleep yesterday. He made some costly dumb plays.

If you want to play ball you can't stay out all night and eat chili can you.

What can we do to win the next three games?

Let every player take a good night's sleep and see if we can't win one.

No lunch free tonight boys, go to bed.

From all indications the Indians have the Egyptians outclassed, and this is generally admitted by the fans in Cairo although the press sometimes attempts to cover it up in other ways.

### ILLINOIS QUARANTINE

Against the South Became Effective This Morning.

This morning the quarantine in all Southern Illinois against the south went into effect and every one desiring to go into Illinois will have to procure a health certificate from the health authorities here, or wherever they live.

President J. W. Pendley of the board of health, stated this morning that he and Health Officer Graves had issued probably 400 certificates since they began this work. The certificates are free to all Paducahans and the health authorities have been very accommodating in going to boats and issuing permits to those who intend going away via the river.

Two patients from Algreies, La., were brought to the railroad hospital yesterday, but they had no fever and the doctors at the hospital were greatly surprised to receive many inquiries about them. Every few minutes the telephone would ring and some one would ask if it was a fact that two yellow fever patients were in the hospital.

### Death of Children.

The eleven-month-old child of Mr. and Mrs. J. McDonald, of 223 Monroe street died of meningitis. The burial took place at Oak Grove cemetery.

The infant child of Mr. Clarence Warnock died at 811 North Ninth street. The interment took place today at Collinsville.

## The Week In Society.

### The Soldier Boy.

My H. M. L., I give my soldier boy a blade, In fair Damascus fashioned well Who first the glittering falchion swayed.

Who first beneath its fury fell, I know not; but I hope to know, That for no means or hireling trade To guard no feeling, base or low, I give my soldier boy a blade.

Cool, calm and clear, the lucid flood In which its tempering work was done.

As calm, as cool, as clear of word He then where'er it sees the snarl, For country's claim, at honor's call, For outraged friend, insulted maid, At mercy's voice to bid it fall, I give my soldier boy a blade.

The eye which marked its peerless edge.

The hand that weighed its balanced pulse, Anvil and pliers, forge and wedge, Are gone with all their flame and noise;

And still the gleaming sword remains So when in dust I low am laid, Remember by these heart-felt strains I give my soldier boy a blade.

The social calendar for the past week has been quite full, not of large functions, but delightful informal gatherings. A number of small affairs have been given in honor of visitors, while the fascinations of camp life, have attracted many to the pleasures at Wallace park.

The officers have entertained quite a few town people very pleasantly at mess.

The governor's ball has been the only elaborate entertainment of the week.

### The Governor's Visit.

Governor Beckham was the guest of the Second regiment of state guards in camp at Wallace park Thursday night and Friday of this week, and Friday night was guest of honor at a dance given by the young society men of the city. The governor is deservedly popular in Paducah society and it was regretted that he could not stay longer. He has promised however to stay long or on his next visit, which is when the First regiment comes to camp, and a number of social functions will be given in his honor.

### The Governor's Ball Friday Night.

The dance given at the Wallace park pavilion Friday night by the young society men of the city in compliment to Governor Beckham, his staff and the officers of the Second regiment of state guards was the largest and one of the handsomest social events in the history of local society. Admission to the dance was by ticket and there were about three hundred people in the pavilion. Outside was an immense throng, estimated at about a thousand.

The governor came to the dance at 10 o'clock. He was escorted by his staff and the band from the Second regiment. The soldiers entered the pavilion, preceding the governor, in double file, open ranks, executed a pretty military figure and the governor took his position under the colors, at the head of the column, surrounded by his staff, and the banders blew "colors." It was a very pretty incident. The governor held a reception for a few minutes, and then led the grand march with Miss Anna May Vesper.

The german was danced after 11 o'clock under the leadership of Mr. Roy Canley and Mr. Louis Rieke, Jr., and the figures were very pretty. The governor retired at 12 o'clock to return to Frankfort and the dance was continued until 1 o'clock.

The following reception committee received the guests: Mr. and Mrs. James C. Utterback, Mr. and Mrs. D. L. Gregory, Mr. and Mrs. Robert D. Phillips, Mr. and Mrs. Jos. L. Friedman, Mr. and Mrs. Muscoe Burnett, Miss Emma Reed, Mr. Saunders Fowler.

The music, which was a feature of the dance, was by Ben's orchestral band.

### Members of Escortment Entertained.

Miss Lillian Gregory entertained several members of Co. G, from Danville, Wednesday evening at dinner. Those present were: Capt. W. V. Richardson, Lieut. Guy Huntly, Mr. Thomas Pancoater, Mr. Elmo Priarson and Mr. Harry Bright.

### A Pleasant Party.

Miss Gladys Male and Marguerite Pitman entertained a few little friends with a lawn party Monday evening at the residence of their

grandparents, Mr. and Mrs. T. H. Harvey, 904 South Third street. Music and games were the features of the evening and light refreshments were served. Among those present were:

### Rowing Party Wednesday Evening.

A rowing party was given Wednesday evening by some of the young society men. The party left at 8 o'clock and went to the sandbar opposite the city and had a picnic supper. Afterwards a rowing trip was made up the Tennessee river for a short distance. Those composing the party were: Miss Blanche Hills, Miss Clara Park, Miss Belle Cave, Miss Frances Wallace, Miss Druce Hand, Miss Martha Davis, Mr. E. J. Paxton, Mr. Robert Wallace, Mr. Morton Hand, Mr. Frank Davis and Mr. Edward Hinghurst.

### Lawn Party for Visitors.

Misses Mattie Lou and Lillie Mae McElathery entertained very delightfully with a lawn party Wednesday evening at their home on North Seventh street.

The attractive grounds surrounding the home were beautifully decorated. Punch and ices were served. The honorees of this pleasant affair were: Miss Maude Hunt, of Humboldt, Tenn.; Miss Mary Mercer, of Memphis, Tenn., and Mr. Rozell McElathery, of Pass Christian, Miss. guests of the Misses McElathery.

### Dinner Last Night.

Mr. and Mrs. W. F. Minnich entertained with a 7 o'clock dinner last night at their home on Jefferson street, in honor of Lieutenant Beckham, of Frankfort; Captain Richardson, of Danville; and Miss Brown Huvall, of Frankfort. The others present were: Miss Myrtle Decker, Miss Ruby Corbett, Miss Retta Hatfield, Mr. Chas. Alcott, and Mr. Louis Rieke.

Misses Thelma Moore, Mildred Moore, Bessie Roark, Lillie Yopp, Zulena Yopp, Tom Schroeder, Anne Shaw, Nellie Roark, Ruth Moore, Lillie Heelwig, Ruth Benson; Masters Lewis Moore, Henry Sanders, James Slaughter, Ballard Garvey, Earl Moore, Fred Kelly, Edwin Slaughter, Ardel Ritter, Willie Kelly, Ambrose Moore, Charley Heelwig, Cary Wickens, Richard Sanders.

### Enchre Party in Honor of Guest.

Miss Marjorie Hagby entertained the members of the Entre Nous club and a few friends at cards this morning, in honor of her guest, Miss Bruce Wearren, of Cairo. Miss Wearren, who recently left Paducah, was one of the club's most popular members and her absence from their gatherings this winter will be deeply regretted.

After the game delightful refreshments were served.

### TELEPHONE MUSS

At Henderson Over the Home Company There.

Henderson, Ky., Aug. 12.—There is a tangle in the affairs of the Home Telephone company, of this city. Two sets of officers were elected Thursday by the company, each of which is claiming to be the legally elected set. The two elections were held in accordance with a call issued ten days ago by the retiring president, A. Waller. For some time a part of the stockholders of the company have been desirous of selling the plant and it is charged that Morganfield interests are behind the movement, which it is also said is in favor of the Cumberland company with the object of ousting the Home company.

One of the meetings was held at the main office of the Home company. One hundred and sixty-nine shares of the stock was represented at this meeting.

An election for directors was gone into and R. T. Hickman, W. C. Turpin, William Elliott, Frank T. Eckert, John Goehring, David Banks and H. K. Kule, the latter of Owensboro, were named as directors. Immediately after the adjournment of the stockholders' meeting the directors met and organized, with the election of R. T. Hickman, president; H. K. Kule, secretary; David Banks, treasurer, and W. G. Turpin, manager.

About the same time a second set of stockholders headed by the retir-

Witt, John Reichert, A. Waller and J. G. Taylor, T. H. Young, Wm. M. Wright and J. K. Waller, the last four from Morganfield. This board immediately effected an organization and elected J. K. Waller, president, John Reichert, vice-president, and H. G. Witt, secretary.

### FOUND CHILD DEAD.

Baby of Barney Laevitan Died During the Night.

Sallie Laevitan, the six-months-old child of Barney Laevitan, the second hand dealer of South Second street, was found dead in bed last night shortly after 12 o'clock, and Coroner James Crow held an inquest over the body this morning.

The child had been ill and about 12 o'clock the father awoke and putting his hand on the baby which was lying between him and his wife, found the body to be cold. He aroused his wife and stated he believed the baby dead. An examination showed that the child had been dead some little time.

Coroner Crow held the inquest this morning the verdict being as follows:

"We, the jury, after being duly sworn, and after having the evidence that the body lying before us came to its death by a natural death." (Signed)

## PROFIT BY THE EXPERIENCE.

Every city in the country should

take warning from the awful experience

of New Orleans, which, for

falling to spend a few thousand dollars

for better sanitation, is reaping

as a reward the loss of hundreds of

thousands of dollars in business,

and scores of lives. The Courier-Journal

says of "municipal negligence:"

"The costly experience through

which New Orleans is passing affords

a lesson by which that city may or

may not profit in the future. But

the instruction so afforded is not for

New Orleans alone, but for all other

cities similarly situated. The most

expensive sins may not always be the

worst in a moral or religious sense;

but of all offenses, venial or mortal,

negligence certainly takes rank as

among the costliest in a worldly

point of view. It is not the highest

viewpoint certainly, but it is one

that appeals to a majority of the people.

"What the introduction of the yellow

fever has cost the Crescent City

in positive outlay will be known

after a while, when the bills have all

come in. At present, it is largely

a matter of conjecture. But there is

an item of a quarter of a million

demanded by the government, and

thousands of dollars spent for clean-

ing and oiling. What further

contributions may be required in the

future is now impossible to say; let us

hope that they will be small. It is

well said that it will probably never

be possible to estimate the financial

loss from the diversion of trade from

the city to other places, but it is cer-

tain to go far beyond the positive

outlay for sanitary measures. Yet

all this loss of trade and much of the

other loss were distinctly prevent-

able. It is the consequence of negli-

gence. The loss of life, of course,

is due to the same cause, but for the

moment we are treating the matter

in its financial aspects, for the reason

that the negligence complained

of is largely due to an indisposition

to expend the money needed for protection."

## MOSQUITO NOT THE CAUSE.

The Owensboro Inquirer, like

many others, is not a very enthusi-

astic believer in the theory prevalent

in many quarters that mosquitoes

cause yellow fever. It is willing to

give the devil his due and admit that

the mosquito does a great deal of the

spreading, but—well, here is what

the Inquirer says about it:

"It don't stand to reason, an'

therefore there a'n't no sense in it."

was dear old Major Blumber's method of disposing of questions which he could not understand, or which did not appeal to his rather obtuse intelligence. It is that way about the mosquito theory of yellow fever. It has been found by actual demonstration that the mosquito carries the fever from one person to another and the fact has been seized upon for the pronouncement that the mosquito furnishes the only means of infection. A man meets a boy on a mule going to mill and later meets a man on a mule going to mill. He writes it down in a book as a theory, that only mules are used to carry the grain to the mill. It is absurd to say that the destruction or prevention of mosquitoes will mean the extinction of yellow fever. The two will go together, probably, at least there will be no yellow fever when the mosquitoes are destroyed, not because of the destruction of the mosquitoes but because of the removal of the conditions which led to the health, long life and prosperity of the little beast. And it will probably be found that that is all there is to the mosquito theory of the causation of yellow fever."

It will be a relief to many people, especially those easily frightened, to know that there is not the slightest foundation for the startling reports that gain currency every day in Paducah about yellow fever being here. For two weeks or more these reports start somewhere in some way, and quickly spread all over town to alarm countless people. There has never been the slightest trace of yellow fever here, and no cause for the reports. The health authorities are now trying to trace some of them back to the romancers who start them, and expect when they catch them to make examples of them in the courts whether they start the reports innocently or maliciously. Down in some of the southern cities they "do things" to people who are responsible for this class of damaging rumor.

The board of works is proposing some good improvements, especially the one having all trash and garbage in the business part of the city, where people are so much more numerous and have so much less room than in the outskirts and residence portions, removed regularly by the city. Each house or building, however, must be equipped with a large can, which will set outside and not prove very costly, and will insure a much cleaner city than we now have. It is to be hoped that the board of works will be met half way by the people, and that the plan will be a success. If the city can afford to send around regularly and collect the contents of the can, the people themselves can certainly afford to buy the can.

The soldiers are already much impressed with Paducah, and many don't want to go home. They wish the encampment would last a month, and it is very gratifying to Paducah to have them feel that way about it. The officers also like Paducah and before the governor left, he is alleged to have said that he is treated nowhere better than in Paducah and that his visits to Paducah were always pleasant ones.

The southern papers do not like the way the northern press is "exaggerating" the yellow fever news, but the southern cities are the ones that close up like a clam and will not let a person poke his head out of a railroad car while passing through town.

The next few days will probably be spent in asserting and denying peace rumors. Both countries now seem to be preparing for a bluff. A bluff with about a billion dollars at stake, however, is worth making, after all.

MRS. M. E. HEAD SUES CHEAT

HODGES FOR DAMAGES.

Charges Him With Being Responsible for the Death of Her Husband Pink Head.

Attorneys R. L. Smith and M. T.

Shelborne of Clinton, Hickman

county, today in circuit court filed

a suit with very sensational charges.

The style of the suit is Mrs. M. E.

Head and children against Cheat

Hodges, and is for \$25,000 damages

for the death of her husband,

Pink Head, who was shot from ambu-

sh on September 28th, 1904, in

Hickman county.

The suit charges that Hodges and

others conspired to kill her husband

and unknown to her husband and that

Hodges and others did on the 28th

of September shoot her husband from

ambush while he was standing on

his front porch, death resulting on

the 1th of October the same year.

The petition directly charges

Hodges with having assisted in the

direct shooting and also with having

incited others to assist in it.

For the damages done herself and

children she asks the sum of \$25,000.

wards a Saw When Rescued.

Henry Bacon, a colored employee

of the venerable mills in Mechanics-

burg, had a narrow escape from being

horribly mangled this morning

while working at one of the big car-

riage machines.

The machines are used in carrying

lumber to and from saws and cutters

and Bacon got under one in some

way and was caught. His arms were

badly bruised and a large chunk of

meat taken out in one place. His

position was discovered by his re-

peated cries for help and the ma-

chinery was stopped.

Dr. J. S. Troutman was called and

dressed the injuries.

## Fever Still Increasing.

New Orleans, La., Aug. 12.—With

Surgeon White, of the Marine Hos-

pital service, frankly expressing no

surprise at the increase in the num-

ber of cases of fever and expecting

that for some time to come there will

be a large quota brought to light daily,

the people of New Orleans have

made up their minds to await in pa-

tience which is now fairly in swing.

An unexpected blow was struck at

the Marine Hospital staff when one

of the men sent here to assist in the

fight against the disease was himself

stricken. The victim is Surgeon T.

Berry, who came from New York.

He was of the first to reach New Or-

leans, and because he had been

through the Cuban campaign and had

had the yellow fever in Texas, he was

considered immune and was put in

charge of the work in the originally

infected area, where the fever has

raged most fiercely.

There were eighty-three patients

at the emergency hospital yesterday.

Earlier in the campaign when the

number of cases treated there were

considerably fewer, the death rate

was higher but it has now been con-

siderably lessened and daily patients

are being discharged as cured.

In the presence of a congregation of

mourners that partly filled the cathe-

dral and with some fifty priests partic-

ipating in the service, mass was

said yesterday for Archbishop Chap-

pelle. Interment in the crypt of the

cathedral followed.

## People and Pleasant Events

**Former Paducah Boy Marries.**  
 News has reached the city from St. Louis, in the form of a telegram to relatives, of the marriage of Mr. Edgar P. Head, formerly of this city, and Miss Lottie A. Jones, of Cairo, Ill., on Friday afternoon at Lafayette and Grand avenue Episcopal church, at 4 o'clock ceremony being performed by the Rev. Faulstich, pastor of that church; Miss Alice Higloo, the pretty daughter of Captain John W. Higloo being maid of honor, and Mr. Shelly Boyd acting as best man. After the ceremony the young couple were given a reception by Captain and Mrs. Higloo, of 613 North Garrison avenue, the house being beautifully decorated with cut flowers and potted palms. At 6 o'clock Mr. and Mrs. Head left for Chicago, Milwaukee and other northern places for a bridal trip, and will be at home to their friends after September 1st, at 613 North Garrison avenue, St. Louis.

Miss Jones is the beautiful and accomplished daughter of Mr. Robert A. Jones, of 1901 Poplar street, Cairo, Ill., and at the time of her marriage was visiting Mr. and Mrs. John Clements of 4151 Castleman Ave. She is a graduate of the Cairo High school of 1903.

Mr. Head was born and reared in this city, and belongs to one of the oldest and best known families of Paducah, being a grandson of the late Wilson Thompson, one of the pioneer citizens of this place. He left here about five years ago to take up his residence in St. Louis, and holds a responsible position with the St. Louis Automobile company.

## NO ONE WILLING TO SERVE AS TRUSTEE

In This School District of McCracken County.

A Judgment of \$300 Hangs Over School and Men Object to Paying the Tax.

## CHILDREN WITHOUT A SCHOOL.

Supt. A. M. Ragsdale, of the county schools, is wrestling with one of the toughest problems he has had to cope with since his incumbency, and is not any nearer a solution now than several months ago.

School district No. 6, known as the Burnley district, located between Rosington and Woodville, is without trustees and consequently without a teacher, and every indication points to the likelihood that the school will not run this year and stands a good chance of not running at all unless the residents step in and take a hand themselves and settle the trouble which is causing the confusion.

About 12 years ago when the district was first laid out and a school established, Mr. Adam Temple, a well-known farmer, of the county, loaned the trustees several hundred dollars, which was never entirely paid up. Mr. Temple made repeated demands for his debt but failed to get it. As a last resort he filed suit in circuit court and secured a judgment against the trustees of district No. 6, for over \$300. This was at the last term of the McCracken circuit court and about this time the school closed. The trustees' term expired and County Superintendent Ragsdale appointed successors.

The fact that the trustees had to make a levy to raise the money for the debt was a serious duty in the eyes of the newly appointed trustees and they refused to serve. Supt. Ragsdale appointed three more, but they, too, refused to qualify and the superintendent then began an investigation and learned the facts of the matter.

No one wants the job of school trustee in that district because they will have to levy the tax. The property owners are not inclined to pay the judgment and unless the superintendent can get men to serve who will levy the tax the school will remain closed.

It is said that some of the better thinking property owners are preparing to start a move to make up the amount of the judgment, pay it off and start the school again. There are about 65 pupils in this district, and they want educational advantages.

Superintendent Ragsdale stated this morning that he was preparing to appoint again and would look about and see if it is possible to persuade men to accept the position and make it possible for the school to run.

The Ranger passed down this morning with a fleet of loaded barges for the Mississippi river.

Mr. Harry Somerville, the Western Union operator, is quite ill in Riverside hospital.

Cashier Thomas Baker, of the First National bank, continues to improve and is able to sit up.

Rev. E. H. Cunningham will preach tomorrow at the Second Baptist church.

Mr. and Mrs. Joe Bondurant, and Miss Mary Jennings returned home this afternoon from a visit to Smithland, Ky.

Mr. Harry Henby has returned to Parsons, Kan., after a visit to relatives in the city.

## GARBAGE SYSTEM TO BE TRIED HERE

Citizens Downtown to be Asked to Put Out Cans.

The City Will Send Around Carts to Collect It at Regular Intervals in Business Section.

### BOARD OF WORKS MATTERS.

Mr. Saunders A. Fowler, secretary of the board of public works, stated this morning that next week the city will begin systemizing the collection of garbage, trash and refuse in the business portion of Paducah, and the residents will be asked to place all garbage and debris in the cans which will be placed on the pavements. Street carts will go around and collect them.

The business portion of the city will first be worked in this way and then the move gradually extended further until the entire city on all approved streets, will be cleaned this way.

The city will put on carts and collect all the trash swept off the pavements into the cans. All the residents will be asked to do is to sweep the trash into cans and the city will do the rest.

The legislative boards will be asked shortly to pass an ordinance compelling residents on all streets improved with granite pavements or concrete pavements, to sweep all trash into cans. This is one point the board is endeavoring to educate the people up to and intends to start in at once and work it up.

The board of public works is experimenting with oil on streets, and already over 400 gallons of crude oil have been used in the experiment. The board is to report back to the council as soon as the experiment is finished, and if the oil proves successful, will be continued.

There was no regular meeting of the board of public works this morning, but Secretary Saunders A. Fowler dictated several letters to Street Inspector Alonzo Elliott relative to matters which had been referred to the board.

Property owners on Legal Row complained that teamsters were gradually demolishing the two buildings on both sides of the alley running between 4th and 5th, Broadway and Kentucky avenue. They drive in from the Fourth street side and the hubs of the drays and heavy wagons have scraped against the buildings until they have worn great holes in them. The alley, because of constant use, is also in bad shape and the board ordered Street Inspector Elliott to look into the matter.

The street department was also ordered to build a fence between the Clark and Terrell livery stables and the city property in the rear of the city hall. This will be done at once.

Manufacturers on South Third street want an outlet while Third street is being improved, and the matter of putting in a fill of some kind or bridge across Husbands street to Third and to the Riggsberger property was referred to Street Inspector Elliott for investigation and recommendation.

## POURED OIL ON HIM

BEFORE BURNING HIM AT THE STAKE.

Yesterday's Lynching in Texas One of the Most Horrible on Record.

Sulphur Springs, Tex., Aug. 12.—The burning of the negro, Tom Williams, for an alleged attempted assault was one of the most horrible lynchings in the history of this section. The mob took Williams to the public square, where he was tied to a stake and completely saturated with oil. A match was applied to the feet and the blaze shot high into the air. The mob stood by and watched the flames devour the negro. After the oil had burned itself out the body was cut down. More oil was poured on the corpse, and the blaze started afresh until the body was almost entirely incinerated. The mob dispersed and in half an hour no sign remained of the gruesome tragedy that had been enacted.

Natchez, Vicksburg and Greenville packets and Memphis boats are allowed to land at Vicksburg, but no passengers nor freight will be taken on the boats at any Louisiana point. Each boat carries health officers.

The Shiloh is now an Evansville and Sportsville packet.

Commencing on Tuesday, the 15th, the steamer Peters and Rees Lee will quit the Cincinnati trade and will go onto the docks at Memphis for a general overhauling and repairing. The boats are being taken out of the upper Ohio trade as a result of the low stage of water. Owing to the rapid fall of the upper Ohio, the Rees was ordered to leave Cincinnati yesterday instead of today in her custom. The Peters is already below and will not make another trip. The two boats will receive their repairs before the commencement of the cotton seed business the latter part of September when they will be busy between Cairo and the lower river.

### A SAD DEATH.

Mrs. Julia Hecht Klein Dies Suddenly From Apoplexy.

Mrs. Julia Hecht Klein died unexpectedly yesterday afternoon at 3 o'clock from apoplexy at her home on Harrison street between Sixth and Seventh. She had been slightly indisposed for several days, but her illness was not believed to be serious.

The deceased had for many years been a resident of Paducah. She was formerly Miss Julia Hecht, and several years ago was married to Joseph Klein, the cigar manufacturer. She leaves besides a husband a little son, and two brothers, Messrs. Max and Herman Hecht, and a sister, Miss Jennette Hecht, all of St. Louis. A brother, Mr. Jacob Hecht, died a short time ago in St. Louis.

The funeral will take place at 10 o'clock tomorrow morning from the residence, burial at the Jewish cemetery.

Some people look upon marriage as a life journey, and some others consider it merely a short excursion trip.

### Rate War On Grain.

Louisville, Aug. 12.—It is announced that the rate war on grain of western origin destined to the Carolina territory, will cease, and that on August 21 rates will be increased from one-fourth of a cent to three cents. The war began last spring, when the "Frisco" system tried to divert all grain for the Carolina territory to the Memphis gateway, depriving St. Louis, Louisville and other Ohio river crossings of a proportionate share. Ohio river railroads met the "Frisco" cut, but since meetings of traffic managers in Chicago and Louisville, it is said, the "Frisco" system has decided to adopt a uniformly increased rate.

## The Return of SHERLOCK HOLMES

By A. CONAN DOYLE

Author of "The Adventures of Sherlock Holmes," "The Hound of the Baskervilles," "The Man of the Hour," "A Study in Scarlet," etc.

ILLUSTRATED BY F. D. STEELS

### The Adventure of the Three Students

No. 9 of the Series

(Continued from yesterday.)

"Well," said he, "let us go round. Not one of your cases, Watson, mental, not physical. All right; come if you want to. Now, Mr. Sommes, at your disposal."

"The sitting room of our client opened by a long, low, latticed window on to the ancient fabled street of the old college. A Gothic archway led to a worn stone staircase. On the ground floor was the tutor's room. Above were three students, one on each story. It was already twilight when we reached the scene of our problem. Holmes halted and looked earnestly at the window; then he approached it, and, standing on tiptoe with his back curved, he looked into the room."

"He must have entered through the door. There is no opening except the one pane," said our learned guide.

"Dear me!" said Holmes, and he smiled in a singular way as he glanced at our companion. "Well, if there is nothing to be learned here we had best go inside."

"The lecturer unlocked the outer door and ushered us into his room. We stood at the entrance while Holmes made an examination of the carpet."

"I am afraid there are no signs here," said he. "This could hardly be any upon so dry a day. Your servant seems to have quite recovered. You left him in a chair, you say. Which chair?"

"By the window there."

"Yes. Near this little table. You can come in now. I have finished with the carpet. Let us take the little table first. Of course what has happened is very clear. The man entered and took the papers, sheet by sheet, from the central table. He carried them over to the window table because from there he could see if you came across the courtyard and so could effect an escape."

"As a matter of fact he could not," said Sommes, "for I entered by the side door."

"Ah, that's good! Well, anyhow, that was in his mind. Let me see the three strips. No finger impressions! Well, he carried over this one first, and he copied it. How long would it take him to do that, using every possible precaution? A quarter of an hour, not less. Then he tossed it down and seized the next. He was in the midst of that when your return caused him to make a very hurried retreat—very hurried, since he had no time to replace the papers which would tell you that he had been there. You were not aware of any hurrying feet on the stairs as you entered the outer door?"

"No, I can't say I was."

"Well, he wrote so furiously that he broke his pencil, and had, as you observe, to sharpen it again. This is of interest, Watson. The pencil was not an ordinary one. It was above the usual size, with a soft lead, the outer color was dark blue, the maker's name was printed in silver lettering, and the piece remaining is only about an inch and a half long. Look for such a pencil, Mr. Sommes, and you have got your man. When I said that he was a large and very blunt knife you have an additional clue."

"Mr. Sommes was somewhat overwhelmed by this flood of information. 'I can follow the other points,' said he, 'but, really, in this matter of the pencil—'

Holmes held out a small chip with the letters XX and a space of clear wood after them.

"You see?"

"No, I fear that even now—"

"Watson, I have always done you an injustice. There are others. What could this XX be? It is at the end of a word. You are aware that Johann Faber is the most common maker's name. Is it not clear that there is just as much of the pencil left as usually follows the Johann?"

"He held the small table sideways to the electric light. 'I was hoping that if the paper on which he wrote was thin some trace of it might come through upon this polished surface. No, I see nothing. I don't think there is anything more to be learned here. Now for the central table. This small pellet is, I presume, the black, doughy mass you spoke of. Roughly pyramidal in shape and hollowed out, I perceive. As you say, there appear to be grains of sand in it. Dear me, this is very interesting. And the cut—a positive tear, I see. It began with a thin scratch and ended with a jagged hole. I am much indebted to you for directing my attention to this case, Mr. Sommes. Where does that door lead to?"

"To my bedroom."

"Have you been in it since your adventure?"

"No, I came straight away for you."

"It should like to have a glance at it. What a charming, old-fashioned room! Perhaps you will kindly

wait a minute until I have examined the floor. No, I see nothing. What about this curtain? You hang your clothes behind it. If any one were forced to conceal himself in this room he must do it there, since the bed is too low and the wardrobe too shallow. No one there, I suppose?"

As Holmes drew the curtain I was aware from some little rigidity and alertness of his attitude that he was prepared for an emergency. As a matter of fact, the drawn curtain disclosed

Nothing but three or four suits of clothes hanging from a line of pegs. Holmes turned away and stooped down to the floor.

"Hello! What's this?" said he.

It was a small pyramid of black, puttylike stuff, exactly like the one upon the table of the study. Holmes held it out on his open palm to the glare of the electric light.

"Your visitor seems to have left traces in your bedroom as well as in your sitting room, Mr. Sommes."

"What could he have wanted there?"

"I think it is clear enough. You came back by an unexpected way, and so he had no warning until you were at the very door. What could he do? He caught up everything which would betray him, and he rushed into your bed room to conceal himself."

"Good gracious, Mr. Holmes, do you mean to tell me that all the time I was talking to Ransford in this room we had the man prisoner in my bed only knowing it?"

"So I read it."

"Surely there is another alternative, Mr. Holmes. I don't know whether you observed my bedroom window?"

"Lattice paneled, lead framework, three separate windows, one swinging on hinge and large enough to admit a

man."

"Exactly. And it looks out on an angle of the courtyard so as to be partly invisible. The man might have effected his entrance there, left traces as he passed through the bedroom, and finally, finding the door open, have escaped that way."

Holmes shook his head impatiently. "Let us be practical," said he. "I understand you to say that there are three students who use this stair and are in the habit of passing your door?"

"Yes, there are."

"And they are all in for this examination?"

"Yes."

"Have you any reason to suspect any one of them more than the others?"

Sommers hesitated.

"It is a very delicate question," said he. "One hardly likes to throw suspicion where there are no proofs."

"Let us hear the suspicious. I will look after the proofs."

Paducah Man Mixed Up in Liquor Case.

The Memphis Commercial Appeal says of the arrest of Scott Overton, colored, of Paducah:

Three men who are alleged to have been doing a thriving business of lifting the lid at Puyore, Tenn., on Wednesday, ran up against the statutes of the United States shortly thereafter and found themselves under arrest.

The men were Scott Overton, Rule Greenway and Steve Martin, all claiming to be residents of Paducah, Ky. They were on board an excursion train which had been run from the Kentucky town that morning, and were alleged to be engaged in the task of supplying whiskey to such of the excursionists as had the price in connection with a third that pure Tennessee water would not serve to assuage.

The men were placed under arrest by Deputy United States Marshal H. W. Stewart, and were taken to Lexington, Tenn., where they were arraigned for a preliminary hearing before United States Commissioner Thomas. After examination all three were held to answer to the charge of selling liquor without license at the next term of the United States court at Jackson, Tenn. All three made bond.

The papers in the case were received by United States Marshal Frank S. Elgin in this city yesterday morning.

### INDIGESTION'S RECORD

"The best remedy I can prescribe for your indigestion, madam, is Green's August Flower. I know of several other physicians who prescribe it regularly."

Indigestion is making an awful record as a cause of sudden death. It is a heart-failure in its ghastly harvest. You read in the papers daily of apparently healthy and even robust men being suddenly attacked with acute indigestion after enjoying a hearty meal, and of their dying in many cases before a physician could be called in.

This should be a warning to you who suffer with regular or periodical attacks of indigestion. If these unfortunate victims of acute indigestion had taken a small dose of Green's August Flower before or after their meals they would not have fallen a prey to such sudden seizures. August Flower prevents indigestion by creating good digestion. It also regulates the liver, purifies the blood and tones up the entire system in a natural way.

### TWO BOARDS

I. C. HOSPITAL BOARD REJECTS AIDS FOR CONTAGIOUS WARD.

After Board Meeting Superintendent Egan Held His Staff Meeting Here.

The regular annual meeting of the board of directors of the I. C. Hospital Association was held yesterday, and following the meeting Supt. A. H. Egan, superintendent of the Louisville division of the I. C., held his staff meeting here, killing two birds with one stone. Mr. Egan having his entire staff in the city. This is one of the few times a staff meeting has been held in Paducah by the superintendent.

The Hospital Association meeting came first. Those in attendance were: Supt. Egan, Assistant Supt. Henry Scheuing, Engineer John McGuire, Conductor John Wheeden, Louisville division; J. J. Gaven, Supervisor G. M. Hubbard, Tennessee division and Master Mechanic R. J. Turnbull, of the city.

Plans for building a disinfecting or contagious ward at the hospital were looked over and the matter of building deferred in order that changes be made in the plans. There were two bids, one from Gus Lockwood and the other from B. T. Davis. The plans will be inspected again at the next meeting, after they have been altered.

Mr. Egan then called his staff meeting at the Palmer house. He usually holds his meetings in Louisville but all the members being here, decided to have it here this time. The business of the road on the Louisville division was discussed and reports heard on improvements being made on the road heard. Business is good but the yellow fever scare has cut it down somewhat in the south, this affecting Paducah a little.

The meeting did not develop anything important and was adjourned in the afternoon late.

### PEDDLER HIT

BY AN I. C. TRAIN NEAR WATER VALLEY YESTERDAY.

Lives in Cleveland, O., and It Is Thought He May Possibly Recover.

Fulton, Ky., Aug. 12.—An old white man, apparently about 65 years old, was struck two miles south of Water Valley, by the local I. C. passenger train. The man was walking towards Fulton and failed to hear the approach of the train from the rear. The engineer, seeing that the man paid no attention to his warning whistle, reversed his engine and tried to stop the train. Before this could be accomplished, the man was struck and hurled from the track. The train, after being stopped, backed to where the man lay motionless beside the track.

A hasty investigation disclosed the fact that the man, though badly wounded on the head, was still living. The train crew picked him up, placed him in the baggage car and brought him to Fulton. He was immediately taken to the Kentucky Hotel, where the railroad physicians dressed his injuries. He is not thought to be fatally injured.

The injured man gave his name as G. A. Harber of Cleveland, O. He is a seissors and saw sharpener.

**UNIVERSITY OF NOTRE DAME, NOTRE DAME, IND.**

We call the attention of our readers to the advertisement of the University of Notre Dame, one of the great educational institutions of the west, which appears in another column of this paper. Parents selecting a college for their sons for the coming year would do well to write to the president for a catalogue.

Private rooms are given free to students of the Sophomore, Junior or Senior years of any of the collegiate courses.

There is a thorough preparatory school in connection with the University, in which students of all grades will have every opportunity of preparing themselves for higher studies. The Commercial course may be finished in one or two years according to the ability of the student. St. Edward's Hall, for boys under thirteen, is a unique institution. Thoroughness in class-work, solicitude in the care of students and devotion to the best interests of all, are the distinguishing characteristics of the University of Notre Dame.

Sixty-one years of active work in the cause of education have made this institution famous all over the country.

Marion Couple Wed.  
Miss Lillie Duvall and Mr. Howard McConnell surprised their many friends and acquaintances by eloping to Elizabethtown, Ill., and marrying, says the Marion, Ky., Record.

## GOVERNOR LEAVES AFTER INSPECTION

(Continued from First page.)

where to send his troops to best defend the camp. Colonel Henry is one of the oldest militia officers in the state, having had about 22 years experience. He also saw active service in the Spanish-American war. Colonel Henry also has a very well drilled lot of soldiers.

Gov. Beckham Delivers Speech. After the dinner given by the hospital department in honor of Governor Beckham yesterday he delivered a brief talk, which is of great interest to doctors. He called attention to the fact that more men died in the army from preventable diseases than were killed in actual battle and that the sanitation of a camp was an absolute necessity to hold down sickness. He called attention to the fact that the hospital department was the most valuable ad-

junct to a military camp.

Gen. Italy Saves the State Money.

Adjutant General Percy Italy's two years' administration has proved a money-saver to the state. Today the soldiers are better equipped and there are more departments than ever in the history of the state guards, yet he has managed to save \$9,000, which is now in the treasury of the state guards. Each year the U. S. government allows the state of Kentucky \$26,000 for clothing and equipment. New departments have been added, including the hospital and signal service corps. Never before were the state guards paid for service during an encampment until he went into office. He has also equipped the hands. All property is first class in condition.

Next year the hospital corps will be increased and better equipped at considerable expense. This year he will equip a field hospital consisting of 120 men and 15 officers, who will be able to take care of 200 patients. There are only two in the United States army. They care for the wounded men right on the field during battle.

Several Overcome By Heat.

Private Lee of company D, Lawrenceburg, was overcome by heat early last night while in his camp and for awhile was in a dangerous condition. The doctors worked with him for three hours. He was much better this morning.

During the governor's review yesterday afternoon Sergeant Harry Duckworth, company H, Winchester, was overcome by heat and fell in the lines. The hospital corps quickly carried him to their wagon on a stretcher and he was treated at the hospital. There were three or four minor prostrations.

Review Yesterday.

One of the most brilliant features ever witnessed by the local public was the review of the soldiers yesterday evening by the governor. At 5:30 the regimental band marched into the grounds, soon followed by the companies of the Second regiment. After they had formed a line Governor Beckham, followed by his staff entered the baseball park, where the review was held. He was given an ovation. Following them came Colonel Williams and his staff. Governor Beckham and his staff took a position in front of the grand stand facing the troops and Colonel Williams faced the soldiers from a point between the troops and governor. The band was off to the left near the club house. The sight was magnificent. After a very brief drill of arms the governor, escorted by Colonel Williams, and accompanied by his staff, and the field officers, passed in front and behind the line, again taking their positions. Headed by the band the troops passed in review, marching out of the park and to the camp. The band circled to a position opposite the governor and struck up Dixie. American patriotism was aroused by this popular air. The cheering was deafening for a brief time. Owing to the failure of the ammunition to arrive for the cannon the governor's salute was not fired. About 4,000 people witnessed the review. Previous to it the camp was visited by hundreds of people and last night an immense crowd was out.

Captain Chowning company D, Lawrenceburg, is officer of the day; junior officer of the guard, Lieutenant Hunley, company C, Lexington; senior officer of the guard, Lieutenant Wilcox, company E, Frankfort. Lieutenant Montgomery, adjutant of the Second battalion, conducted the guard mount.

No Services at Camp.

No religious services will be held tomorrow on account of the regiment being without a chaplain. Tomorrow morning there will be guard mount, followed by a regimental inspection by Colonel Williams. This will conclude the daily routine with the exception of the dress parade in the baseball park at 5:30. If the weather is pretty the crowd at Wallace park Sunday will be the largest that was ever in its bounds and the baseball park should be jammed for the dress parade.

The four non-commissioned officers from Ft. Wayne, Mich., have not shown up yet. There has been some misunderstanding about transportation. General Italy has been trying to get in touch with the fort but so far has failed.

## ENCAMPMENT NOTES.

Captain E. B. Dishman, company B, Harboursville, is expected this evening to take charge of his company. Just before the company left his child died and the company was placed in charge of his brother, Lieutenant Dishman.

Col. Ed Leigh, private secretary to the governor, will be here tomorrow to visit "Camp Veiser."
